

## i-land™ S Pro

---

Simply buy  
your own  
island

# Compact and **versatile**

---

Transport all your cleaning products & equipment on one cart, so you can service multiple areas without having to go back and replenish. You can store your i-mop, extra tanks, battery charger, microfibre and more on this flexible & sturdy cart. Expand your horizons. Now you can easily move your equipment around difficult and obstructed areas such as bungalow parks, hotel floors, festival grounds, uneven surfaces, rocky terrain and any small confined location.

## **Choose your wheels**

We have two different types of wheels you can choose from: air-filled or solid tires. The air-filled tires can be used outside or on uneven surfaces. The solid tires are great on flat surfaces and you'll have no risk of punctures.

**i-light support structure**

**Add a garbage/linen bag**

Order longer handles and add a garbage or linen bag.

**Onboard charger**

**Multiple cleaning tasks**

Load up your i-mop, microfibre clothes & mops, chemicals, tanks and batteries on this i-land S.

**Reduce travel time**

By consolidating all your cleaning tools into the i-land you reduce traveling time back to the storage.

**Extended load-on dock**

Add an extended load-on dock and attach an i-mop with ease. The extension has an extra set of wheels which makes it easy to transport and you don't need to tip your i-land S Pro to load your i-mop.

## Technical specifications

### i-land S Pro (solid tire version)

Weight	26.50 kg
Size body (l x w x h)	58 x 60.5 x h118 cm
